Flag Stops...

In addition to the standard bus stops, Kings Transit allows its passengers to board the bus at any safe location

(no corners, intersections or hills).

Flag Stop Guidelines

To indicate to the driver that they want to get on the bus, clients must extend their arm in front of them when the bus is approaching.

To depart from the bus, passengers may pull the chain at any safe location.

To flag a stop after dark, we ask passengers to wear reflective clothing or carry a flashlight so that the bus drivers can easily see them.
